Note:

- 1 TZ SlideHandle is compatible with the majority of server cabinets and does not require any special mounting kit. If a mounting kit is required, it is listed above.
- 2 Mounting kits are designed for standard cabinet configurations as specified by the cabinet manufacturer.
- 3 In the event that you cannot find your cabinet model in the table, please contact TZ for further information. This table is updated frequently.
- 4 Only one mounting kit required for each dual hinging door.
